To receive credit for any ENG or LING prefix course, the student must receive a grade of "C-" or better. Students should note that programs differ in the minimum grade required. Linguistics majors are required to take at least 6 credit hours of a single language (French, Spanish, German, Italian, Japanese, or other modern language) at or above the 2000-level (the language courses must contain grammar), unless they minor in a modern language. Students who have not taken enough high school language courses to enter at the 2000-level will be required to take the prerequisite, 1000-level language courses. Linguistics majors who are Modern Language minors must take either: 6 credit hours of a different language than their minor at or above the 2000-level, or 6 credit hours in either the linguistics and/or the interdisciplinary electives category.
